## MEMBER ASSOCIATED PRESS.

When it comes to Winter Weather Roswell beats them all.

The biggest joke we have heard of in years has just been perpetrated in Roswell on an unoffending public.

Halley's comet moves at the rate of a million miles an hour but that is slow to the gait taken by some people's imagination.

Taft asserts that he has many weighty problems to solve. Yes, and the weightiest he carries with him always.

One of the latest regarding statehood is that we will be given statehood, providing we adopt a constitution to be provided for us.

The Good Book says man cannot serve two Masters, God and Mammon. Neither can he serve the people and the Gang, as we have found to be true in New Mexico.

According to the New Mexican Arizona collects \$314,000 for educational purposes and spends \$311,000. New Mexico collects \$385,000 and spends but \$339,000. Wonder what becomes of the balance?

Since the people of Samar are crying for Curry and the people of New Mexico will have to get along without him, why not satisfy the crying desire of the people of Samar and send them Curry?

The most beautiful thing about Roswell has always been its trees. This fall the trees have outdone themselves in beauty, the coloring done by

ry's resignation was sent in in just the nick of time.

Philadelphia has long been regarded as a city especially noted for the number of its typhoid fever cases. During the month of October there were 150 cases reported there, according to the Philadelphia North American. Last month Roswell had 15 cases reported to the city council. If Philadelphia had had as many cases as Roswell, in proportion to population, she would have had 2,825 cases instead of 150 reported there.

It is only a few years since we were told by the advocates of open gambling that the city could not get along without it; that it would drive business from the city and our schools could not get along without the revenue derived from that source. Yet at that time we were holding public

## GUY FAWKES DAY BEING CELEBRATED IN ENGLAND.

London, Nov. 5.—Guy Fawkes Day was celebrated in London and all over England today with the usual noisy enthusiasm, but the remembrance of the famous gunpowder episode was eclipsed by the interest in the budget, so that the demonstrations were nearly all of a political nature and had to do with the great problem of the present rather than with the past.

It is hardly an exaggeration to say that England has never before been so aroused over a question of practical politics as now. The budget is the all-absorbing topic of conversation, and street archins, school children, women and other political non-combatants are evincing quite as lively an interest as the men.

With the bill before the House of Lords, the excitement will reach its highest pitch next week, when the august peers will discuss the measure. The lords find themselves in an unenviable position, daring neither to oppose nor uphold the measure, and they will be forced to escape from their dilemma by leaving the matter to the voters.

The debates in the House of Lords on the second reading will probably occupy ten days. It will be referred by the peers to the country, most probably by a resolution stating that the House of Lords would not feel justified in passing it without the will of the electorate having been ascertained by a general election.

Thus Nov. 17 or 20 will be reached before the fate of the budget is sealed. It will be at this critical date that Mr. Balfour will speak at Manchester on Nov. 17. Some technical business will have to be conducted by Parliament before a dissolution can take place, and this would bring the date of the election too late for it to be concluded before Christmas. The dissolution will thus not occur earlier than January.

## To Issue \$10,000,000 Stock.

Chicago, Nov. 8.—Following today's annual meeting of the stockholders of the Commonwealth Edison Company, a special meeting will be held for the purpose of increasing the capital stock from \$20,000,000 to \$40,000,000. The new issue of \$10,000,000 will be offered to stockholders at par and the proceeds will be used in improvements and extensions.

## Sauce for the Turkey.

New York, Nov. 8.—Crop reports from the cranberry districts, compiled today, show a bumper yield in many sections, and there will be no lack of sauce for the turkey. The total estimate crop in North America is given at 1,700,000 bushels. Massachusetts reports 269,107 bushels, a gain of 32 per cent. over last year's yield. New Jersey has 192,612 bushels in sight, 80 per cent. more than last season, and Long Island and Wisconsin report big crops. Nova Scotia has scarcely any bog fruit at all and may have to import. Rhode Island and Connecticut are also behind last season's record.

## Aldrich in Missouri.

St. Louis, Nov. 8.—Senator Nelson W. Aldrich is scheduled to speak in his city tonight and in Kansas City tomorrow, in an attempt to convince the people of the "show-me" state of the justice and righteousness of his monetary system.

## National Food Show.

Washington, Nov. 8.—A national food show and industrial exposition occupies Convention Hall today and will remain open to November 20.

## A Morning Reminder.

You awake with a mean, nasty taste in the mouth, which reminds you that your stomach is in a bad condition. It should also remind you that there is nothing so good for a disordered stomach as Chamberlain's Stomach and Liver Tablets.

They build up the system, assist nature to restore natural conditions, and are so gentle in their action that one hardly realizes a medicine was taken. Chamberlain's Tablets are sold everywhere. Price 25c.

## Customs Men Meet.

New York, Nov. 8.—The largest convention of customs appraisers ever gathered together since the inauguration of annual conferences in President Cleveland's first term assembled in New York today to begin a week of deliberations. The Aldrich tariff law has given rise to many knotty problems, which will be thrashed out by the officials from ports all over the country.

## President at Fair.

Augusta, Ga., Nov. 8.—Pres. Taft and state officials of Georgia and South Carolina officiated today at the opening of the fourth Georgia-Carolina Fair.

## Charities and Corrections.

Baltimore, Nov. 8.—Correction of "bad boys" care of the insane, education of children and conservation of public health are among the topics on the program of the Fifth Maryland Conference of Charities and Corrections opening today.

## Army Officers Lecture.

Columbus, O., Nov. 8.—Officers of the regular army will deliver lectures before the National Guard officers of Ohio at their meeting here today and tomorrow.

## Christian Ladies' Fine Meal.

The meal served Saturday noon and night by the ladies of the Christian church in the Wesley building on North Main street was one of unusual merit on such occasions. For some reason the attendance was not quite as large as the ladies of this church usually have; nevertheless they cleared about seventy dollars. Mrs. Bud Eddleman and son left Sunday morning for Hereford, Texas, for a visit with friends.

Dr. and Mrs. W. E. Manfur, who were here as witnesses before the grand jury, left Sunday morning for their home in Elkins.

## New Mayor of London.

London, Nov. 8.—Sir John Knill, who was elected Lord Mayor of London on Michaelmas Day, took the oath of office today before the Lord High Chancellor. His induction into office will be completed tomorrow, when he will head a state procession to the courts of law, where he will be formally presented to the lord chief justice and the barons of the exchequer. The event will be made the occasion of a city holiday tomorrow, and a great pageant and a banquet in Guildhall in the evening, with cabinet ministers, foreign ambassadors and judges as guests, will complete the elaborate ceremony. Sir John is a Catholic, as was his father, Sir Stuart Knill, who Lord Mayor in 1892.

## Notice to Real Estate Agents.

My 240 acres in section 7, township 12, range 26 East is off of the market. 1300\*.

Undertakers and Embalmers

Lady Assistant

Ambulance Service. Telephone No. 75

Jack Frost having surpassed anything seen here in recent years.

The best governed counties in New Mexico are the Democratic counties, probably not merely because they are Democratic, but because being Democratic they have fewer strings attaching them to the corrupt Republican gang.

The New Mexican says the Albuquerque Tribune Citizen dates its paper just 17,100 years ahead of time. As the New Mexican views it perhaps that is right, but a look at both papers would lead the casual observer to say that the Tribune Citizen made no mistake.

That Curry resigned under pressure can hardly be doubted. It is well known that the Washington people were dissatisfied with him, particularly Secretary Ballinger, and if the truth of the matter ever comes out, it will probably be found that Curry

meetings in a desperate effort to secure enough money to keep the schools open nine months and we failed. Now the public schools run nine months in the year and are operated at a much greater expense, and the Board of Education reports a surplus of \$7,500. Good thing for the schools that gambling was stopped. In the same way it will be a good thing for the city to abolish the saloons. Of course the same old cry will be raised that we cannot get along without the license money, but when tried it will work just as did the abolition of gambling—it will prove to be a good thing in a financial as well as moral way. The saloons are revenue producers but are a tax upon the people of Roswell.

## Riding Test for Militia.

Boston, Nov. 6.—A ninety mile riding test similar to that required of regular army officers was commenced today by officers of the Massachusetts Militia. The test will occupy four days.

## International Fair.

San Antonio, Tex., Nov. 8.—San Antonio's annual International Fair has attracted more than usual attention among the live stock growers of Texas, New Mexico and Mexico, and the Alamo City is today rapidly filling with visitors.

Special attention has been paid this year to the sheep and goat industry and exhibits have been received from all over the country. San Antonio is the center of this industry. Southwest Texas producing annually more than 5,000,000 pounds of wool and nearly 3,000,000 pounds of mohair.

## Masons in Savannah.

Savannah, Ga., Nov. 8.—Masons of all degrees and from many states are in Savannah today to attend the tenth triennial assembly of the general grand council, Royal and Select Masters of the United States, and the thirty-fourth triennial convocation of the general grand chapter, Royal Arch Masons of the United States. The sessions will extend through the week.

## To Try Night Riders.

Nashville, Tenn., Nov. 8.—A special term of court was called today at Union City to try the hundred under indictment in Obion county for night riding. The defendants include the eight men whose death sentences for the alleged murder of Capt. Quentin Runkin were reversed by the Supreme Court.

CANDY PULLING

always made a lot of sport for the young people. Now-a-days it's different.
